Calls continue on unwanted horses...This summer calls have escalated on people who can no longer provide for their horses and do not want to send them to the sale barn. With the rising cost of hay, grain and fuel things probably will not get any better. Here is just ONE example of a person who can not provide for her 12 horses. How with this trend end? IERALS goal is to provide care for horses that law enforcement removes. The funds are just not there to help all of the unwanted horses in Iowa.

IERAL and what we do... Since our last newsletter many things have been happening with equine rescue and our horses. We have been mending our "dumped" stallion now named "Maverick", and he will be gelded this week and then on his way to a new second chance in life. He is very trusting, and has a heart of gold, please inquire about this nice boy. Our appaloosa mare and filly are settling in well. We intergraded them in with a few horses and all seem to be doing well. The filly "Cedar" is growing like a weed and is extremely independent and loves her buddies, Blaze and Mae! The four equines taken from Jasper county are ready for adoption, actually the pony "Jack" is at his new home. We have 1 gelding and 2 mare TB's available for adoption. Please see petfinder.com for our adoptable horses. Beau, our gray Arabian has a pending adoption awaiting. He needs to be going to a new home, that will spend time with him and give him the life he deserves. Colton (Beau's son) will be evaluated this week on his eye(s) and his ability to see. We are hoping to get at least one eye corrected if all goes well with the evaluation. Colton is now 7 year old Arabian, who needs to have a wonderful home and at least some sight so he can see the world in a new light! His buddy pony "Sonny" is taking each day as it comes. If you know of anyone interested in adopting some wonderful horses, to give them a second chance in their life, please send them to www.iaeral.org or petfinder.com. If you would like to donate to help off-set the cost of Colton's eye surgery (approx \$3200 per eye) please send donations to: IERAL PO Box 8726 Cedar Rapids, IA 52408.

IERAL UPDATES of NEW Adoptable horses and past adoptions!

Here is Carolina and her new babe shortly after birth (left photo)
Here the filly is with mom a few months later! Great looking animals!(right)

Please watch our website for updates on ALL horses.
We may be involved with a voluntary surrender of 12 horses in desperate need of care. **IERAL would like to hear from everyone who has adopted horses from us and how those horses have changed your life!**
Please contact: ksibert@infionline.net

There were two dead horses in the past two weeks on this property. Animal control and law enforcement contacted IERAL. Let's hope and pray that the owner does the right thing!
